

INSTAGRAM Release Form

I have created a class page on Instagram. The purpose of this page is to stay connected with families and explore learning on a new level through technology. This provides a fun new way to share new things going on in our classroom, as well as connect with other classrooms. Please fill out the bottom portion of this form granting me permission to post photos and or videos of your student along with their work. Please download the instagram app and follow our page titled "Watson - WOW". Thank you so much for your continued support. I look forward to connecting with you on the app.
